Run Pricing Info

To encourage entry of all dogs in your household – young, old and everyone in between – we offer pricing by the run rather than by the package. All runs that you are paying for (all dogs from your household entered) are totaled to find the 'per run' price. This way that older dog that really enjoys and is still capable of a few tunnelers or weavers runs can enter at the same price as your 'package' dog. Or maybe you have a young dog not quite ready for weaves but could do other classes. Total that dog's runs into your household total and bring the 'per run' cost down. Let everyone in your house that can still safely enjoy the game do just that. This way you don't have to feel guilty about leaving them home!

To enter:

1. Use one entry form per dog.
2. Total the runs in each class in the right column. Add the column to get the total runs for that one dog for the weekend.
3. In the bottom part of the chart, total all the runs for each dog entered (use one page for the final calculation) that lives in your household. Find the 'per run' price range. Multiply the total runs for all dogs entered, by the price range. This is the total cost of entry.
4. Write your check out to GOAL. Mail to: Carol J Baron
